

GLOBAL INSTITUTE OF INTELLECTUAL PROPERTY

POST GRADUATE DIPLOMA IN PATENT AND INTELLECTUAL PROPERTY LAWS (US & INDIA) AND SERVICES

(9-month Full Time Program available at Delhi and Bangalore)
Next batch will commence on June 29, 2009 (Total Number of Seats Available – 60)

ABOUT US

Global Institute of Intellectual Property (GIIP), a training institute co-headquartered in New Delhi, India and San Jose, USA, has been set up by a team of successful entrepreneurs, IP Attorneys, patent agents and IP practitioners. GIIP offers diploma, executive and corporate programs to develop professional skills in the field of Intellectual Property services, particularly International Patents and Procedures and enable them to serve global customers.

OVERVIEW

Globalization, coupled with the intangible nature of Intellectual Property (IP) and the inconsistency of standard practices across the globe creates challenges for businesses that wish to protect their inventions, brands and business methods in domestic and foreign markets. India's growing R&D operations has taken a beating due to lack of in-house professionals to file patents & IPR applications, combined with lack of reach for exploiting global markets is proving difficult for some of the progressive businesses.

To address this need GIIP has put together highly specialized programs to be conducted by international and Indian IP experts, to provide comprehensive knowledge in the business, technical and legal aspects of IP, international patents and procedures.

The 9-month diploma program, which includes **3 months of Corporate Internship**, will open many opportunities for participants who wish to seek job opportunities in areas of IP and patents with MNCs, evolving domestic industries, outsourcing companies (KPOs and LPOs), law firms, Government and R&D Institutions.

CURRICULUM

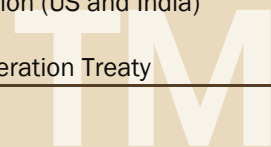

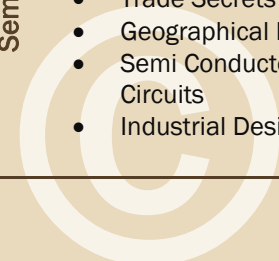

The PG curriculum is tailored to meet industry requirements as well as the needs of aspiring professionals. It includes up-to-date education in US and Indian Patent and IP laws and procedures and is designed and delivered by outstanding professionals with rich teaching, research, industry and consulting experience.

GIIP has evolved a comprehensive form of transferring knowledge from overseas to India. It has state-of-the-art facilities, well supported by audio-visual aids and other training tools and processes. Some distinctive methods of training at GIIP include:

- Classroom lectures delivered through video conferencing by experienced instructors & IP practitioners
- Online e-learning modules
- Mentoring sessions: Individual guidance from IP practitioners and experts, specific to the technical field of the participants
- Illustrations and case study methods: The emphasis of the program is to provide hands-on experience
- Interactive sessions with both instructors and peer group
